

Dear Editor,

This is to confirm that the article entitled “-**Reporting of animal research studies in concordance with ARRIVE guidelines in Indian medical journals: A retrospective study**” submitted to the *Indian Journal of Medical Ethics* is original and has been co-authored by the undersigned. All authors have participated in the work sufficiently to meet the ICMJE guidelines for authorship. All have read and approved the manuscript. The submission is not under consideration for publication in any other journal.

We give consent to **Dr Bhupinder Singh Kalra** to act as the author for correspondence. All details of sponsorship or relevant competing interests, financial or otherwise: Funding ; None,

Conflict of Interest: None

We have read the terms and conditions of authorship of IJME and accept them.

We feel the submission is suited to a medical ethics journal because **reporting of animals research studies in Indian medical journals involves publication ethics. Conduct of research on animals requires not only approval from Institutional Animal Ethics Committee but research on laboratory animals should be conducted inflicting none or minimal harm.**
