

Dear Editor,

This is to confirm that the article entitled "Humankind should learn the nature taught lessons of environmental facts through COVID-19 - Lockdown" submitted to the *Indian Journal of Medical Ethics* is original and has been authored by the undersigned.

The submission is not under consideration for publication in any other journal.

Details of sponsorship or relevant competing interests, financial or otherwise: Nil,
No sponsorship or relevant competing interest.

I have read the terms and conditions of authorship of IJME and accept them.

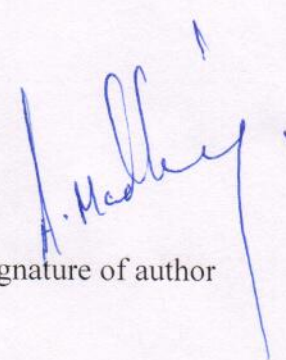

I think my paper is suitable for publication in an ethics journal because: It is a small write up related with the recent emerged pandemic disease and the impact of lock down during this period. Which made us to think about the environmental benefits and made us to realise the environmental ethics through this medical emergency.
