

Dear Editor,

This is to confirm that the article entitled “Ethical Policy Framework for Artificial Intelligence in Healthcare in India” submitted to the *Indian Journal of Medical Ethics* is original and has been co-authored by the undersigned. All authors have participated in the work sufficiently to meet the ICMJE guidelines for authorship. All have read and approved the manuscript.

The submission is not under consideration for publication in any other journal.

We give consent to Krishnapriyaa Mohanaraj to act as the author for correspondence.

All details of sponsorship or relevant competing interests, financial or otherwise:

- NIL

We have read the terms and conditions of authorship of IJME and accept them.

We feel the submission is suited to a medical ethics journal because:

This research paper is concerned with the ethical and legal challenges while using Artificial Intelligence in the Healthcare sector. The final outcomes from the objectives was to recommend an “Ethical Policy Framework” using the identified ethical principles. The Indian Journal of Medical Ethics aims “to encourage discussion on healthcare ethics from the perspective of the developing world”, thus, the research being focused on the healthcare ethics in a developing country, makes this journal for the submission of the research paper.
